

August 30, 2011

The Honorable Michele Bachmann  
U. S. House of Representatives  
103 Cannon House Office Building  
Washington, DC 20515

Dear Representative Bachmann:

It is an honor to support your Heartbeat Informed Consent Act. We wholeheartedly endorse your legislation that will empower women with more information about the development of their unborn child prior to an abortion.

Your past legislative efforts here at home in Minnesota and now in Washington, D.C., are helping more and more women to make an informed decision for life.

Empowering women through the Heartbeat Informed Consent Act to actually see and possibly hear the heartbeat of their unborn child is a very noble cause. As medical technology has advanced through the years we now know so much more about the beautiful, developing world of the unborn child. It is crucial that this information be shared with women prior to any abortion being performed.

Thank you for your continued efforts on behalf of the women and children of our state and nation. We commend you for your dedication and perseverance to innocent human life with this new legislative effort.

Sincerely,

Scott Fischbach  
Executive Director
